CONSTITUTION

1. Name and Objective

1.1 The British Flyball Association (“BFA”) is an unincorporated association of members with the following objectives:

- a. furthering the sport of flyball;
- b. promoting co-operation and good sportsmanship in the sport through its committees, rules and policies, tournaments and other activities;
- c. promoting co-operation and good sportsmanship in the training and exhibition of dogs.

2. Code of Ethics

2.1 One of the objectives of the BFA is to promote co-operation and good sportsmanship in the training and exhibition of dogs.

- a. Co-operation and good sportsmanship should not be recognised in passive observance, but in all BFA related communications as a way of life and in training and competition treating committee, members and guests fairly and with respect, promoting an environment free from discrimination, bullying and harassment. BFA members shall at all times be courteous and friendly. At no time should they show displeasure with a dog, a judge, exhibitor, BFA representative, sponsor, host or spectator in or out of the ring. Never conduct yourself in a manner that would bring discredit to the sport of Flyball. As a participant whether it be exhibitor, trainer, judge, host team or BFA representative, you typify the sport of Flyball.
- b. Training and exhibiting shall be carried out by such methods that are in keeping with the best interests of the dog and the sport of Flyball.
- c. Abuse or severe discipline of a dog is not in the best interest of Flyball. Participants shall always follow the Rules and Policies, aims and objectives of the BFA, showing a full knowledge and understanding of the same.

3. Committee

3.1 The BFA is run by a committee of Committee Members (the “Committee”) which will include three primary members appointed by majority vote: Chairperson; Treasurer; and Secretary.

- a. The roles and responsibilities of the three primary members will be outlined in the document Role Descriptors for BFA Committee members and Officers of the Committee (Appendix 1).

3.2 The Committee will comprise of not more than nine Committee Members, and as far as is reasonably possible, not less than six Committee Members.

In the event that the Committee comprises of less than nine Committee Members, those Committee Members may co-opt any Adult Member onto the Committee to be a Committee Member. These co-opted members will hold office until the next AGM.

3.3 The Committee is responsible for setting, amending, interpreting and enforcing the BFA’s rules, policies, guidelines, codes, procedures and so on including but not limited to those related to discipline, sportsmanship, tournaments, and complaints. Any change of the same will not take effect until 1st June or 1st November whichever is the earlier after the change is declared by the Committee unless the change relates to dog welfare in which case it will come into effect on any date set by the Committee.

3.4 The Committee is expected to communicate with the membership of the BFA and to carry out its actions in a fair, even-handed and timely manner according to the Rules and Policies of the BFA.

4. Committee meetings and voting

4.1 Any meeting of the Committee will require not less than five Committee Members to be in attendance to be quorate with all Committee Members having first been provided with a reasonable opportunity to attend. Attendance can be in person or by way of an electronic or telephone communication system (for example, Skype, Facebook, conference call, etc).

4.2 For any vote of the Committee to be binding it will require all Committee Members having first been provided with a reasonable opportunity to vote and not less than five Committee Members voting in favour. Committee Members may vote in person, or by way of an electronic or telephone communication system (for example, Skype, Facebook, email, conference call, etc).

5. Committee Members and other positions

5.1 Each Committee Member must:

- a. be elected onto the Committee by a first-past-the-post postal and/or secure electronic vote by BFA members (i.e. the person who has received the most votes after one round of voting is elected) unless an election is not necessary as the number of those seeking election onto the Committee does not exceed the number of vacant posts on the Committee. In the event of a tie for the final Committee Member vacancy, a further vote will be conducted at the AGM and will only be voted upon by BFA members in attendance. In the event that this vote is a tie, the Chairperson will have the casting vote.
- b. have been an active member of a BFA registered team and regularly competed at BFA sanctioned tournaments for a minimum of 3 years preceding their election to the Committee and have attended at least one Annual General Meeting in that period;
- c. not have been found guilty of a disciplinary offence under BFA rules for a minimum of five years preceding their election;
- d. be independent of every other Committee Member, when considered reasonably, and so must not be:
 - related by way of being their child or step-child, parent or step-parent, uncle/aunt or cousin to another Committee Member;
 - the spouse, civil partner, partner or long-term girl/boyfriend of another Committee Member; and/or
 - a member of the same BFA registered club and/or team of another Committee Member.
- e. if they wish to remain a Committee Member, be re-elected to the Committee at least every 36 months or, at the discretion of the Committee, sooner.

6. Conflict of Interest

6.1 No current BFA Committee Member or appointed Officer (as per section 5 above) may, have a significant interest in another flyball association/organisation which runs or administers flyball racing in the UK. "Significant interest" includes but is not limited to being a board member, committee member or holding an official role or position within such an association/organisation and/or, in the case of Committee Members, being a member of such an association/organisation. Should any Committee Member have such a significant interest or be a member of such an association/organisation they may be removed from office in accordance with section 5 above.

8.3 An Adult Member may place an item of business on the agenda including any proposed rule change for a forthcoming Annual General Meeting by submitting the same in writing to the Secretary and the Secretary receiving the same not less than 30 days before the Annual General Meeting. Any person who has proposed a rule change should, if they are able, attend the Annual General Meeting in order to clarify the proposed rule change and/or comment on any suggested amendment(s). If the proposer is unable to attend an additional proposer is to be nominated to present the proposal on their behalf. RULES OF FLYBALL RACING

A.1. Sanctioned Tournaments

1. Application Requirements

- 1.1 A BFA Registered Team wishing to host a Sanctioned Tournament (the Host Team) must submit an application using BFA Form C3 to the BFA Show Secretary, complete with a non-refundable deposit (per Sanctioned Tournament), as detailed on the C3 form, at least ninety (90) days prior to the closing date for entries. The closing date for entries of an **OPEN or LIMITED** Tournament must be at least 28 days before the date of the Tournament. Tournament application venues must be within 50 mile (crow flies) radius from the team captain's home address and in excess of 50 miles (crow flies) of any other sanctioned tournament on the same dates. Anything outside the 50 miles, will require further consideration by the Show Secretary/Committee and may be allowed where considered in the best interests of the membership.
- 1.2 Late applications may be approved and each application will be judged on its own merit. Applications less than 30 days will not be approved. This includes a change of date but not a change of venue, provided the new venue remains in excess of 50 miles (as the crow flies) from an existing Sanctioned Tournament taking place on the same date. For applications for Sanctioned Tournaments within this 50 miles radius of an existing Sanctioned Tournament, the Show Secretary, supported by the Committee, can reduce the distance between shows where it is considered to be in the best interest of the membership and the provision of sufficient racing opportunities
- 1.3 The application should state: date, time and place of the tournament; name, address and telephone number of the Tournament Organiser (and Tournament Secretary if different); entry fee; whether the entries are limited; the closing date for entries, and; if the tournament is to be run alongside another canine event.
- 1.4 When two one-day sanctioned tournaments are held at the same venue on the same weekend, teams and dogs may only enter Saturday **OR** Sunday, regardless of whether the tournament organisers are different on each day. This must be stated on the Tournament Schedule. The only exception to this is where the Committee are approached and approve tournaments being hosted in areas of growth (e.g. Isle of Man, Ireland, etc.)
- 1.5 A Tournament may be limited but to no fewer than five BFA Registered Teams and no more than 50% of the entries may be from any Team with the same Team Number (e.g. 0015, 0015A, 0015B, 0015C). Multiple entries from the same Team are to be treated as individual entries from each Team (i.e. Front Runners A team, Front Runners B team and Front Runners C team are treated as three different entries).
- 1.6 Tournament organisers can book a maximum of 6 open or limited open tournaments from 1 April to 30 September. A tournament in addition to the 6 can be applied for and may be accepted under certain circumstances by the Show Secretary with the support of the Committee.
- 1.7 Notice of cancelling a Sanctioned Tournament must be given by the Team Captain of the Host Team in writing to the Show Secretary.
- 1.8 The Host Team must declare on their application their intended **maximum** limit for entries (i.e. the maximum number of teams they are willing to accommodate). Tournament Organisers may request an extension to their tournament, regardless of surface, via the Show Secretary. Each request will be assessed individually and factors such as format, surface and proximity of other tournaments will be considered prior to approving an extension.
- 1.9 Tournament Organisers who de-sanction a Tournament at short notice without good reason, or

have a Tournament de-sanctioned, will not be allowed to apply for further Sanctions for a maximum of 12 months.

- 1.10 The Organiser must get written approval from the BFA Show Secretary for any and all special or unusual requests. i.e. live streaming and or filming.

2. Tournament Organiser Responsibilities

- 2.1 Tournament Organiser - The Tournament Organiser has the overall responsibility for the proper planning, management, conducting and reporting of the tournament. They shall act as the liaison for the team/organisation and shall ascertain the requirements as to insurance, rentals, schedules, concessions, protest etc. Insurance must include Public Liability.
- 2.2 Entries - The Tournament Organiser shall be responsible for entries and any questions the entrants might have.
- 2.3 Grounds - The Tournament Organiser shall be responsible for the proper layout of the tournament, setting up and dismantling the equipment, traffic flow, crowd control, parking, securing the necessary equipment, clean up during and following the tournament, including the provision of adequate toilet facilities, chemical toilet disposal point and general waste disposal point on site.
- 2.4 Trophies - The Tournament Organiser is responsible for acquiring trophies, rosettes and if applicable cash prizes, setting up the trophy table and putting together a list of trophies, prizes and presentations.
- 2.5 Public Address - Flyball is a spectator sport. As such, it is important to announce races, explain the sport and announce times when spectators are present.
- 2.6 Having a photographer available and raffles, catalogues and other special events that generate income or that add to the success of the tournament that are not in any way prejudicial to the best interest of Flyball should be considered.
- 2.7 Indoor Tournament Organisers must provide weights (minimum of 15kg) to secure the flyball boxes, per racing lane, for use by all teams as required.

3. Tournament Schedule/Entry

- 3.1 A Tournament schedule for all Open or Limited Sanctioned Tournaments should be submitted in word format to the BFA Show Secretary for approval, prior to distribution, no later than 7 days prior to the schedule release of the Tournament.
- 3.2 All schedules for BFA Sanctioned Tournaments will be available to download from the BFA Diary on the website. For Limited Tournaments advance warning must be posted on the Web-board giving the date on which the schedule will be available. This must be after the last post collection for that day to give all teams an equal chance to enter. Tournament Organisers may choose to permit electronic entries provided they do not disadvantage postal entries in the process. In particular this means that any electronic entries which arrive before the first postal entries will be treated as if they had arrived at the same time as the postal entries.
- 3.3 All Entry Forms must be submitted direct to the BFA Registered Host Team of a BFA Sanctioned Tournament entries should include an accompanying cheque, or where the Tournament Organiser has allowed payment by direct bank transfer, this must be made within the time limit specified on the entry form. N.B. All queries should be directed to the Tournament Organiser in the first instance.

- 3.4 The Tournament Organiser shall gain automatic entry to their own tournament, this includes all BFA Committee teams for BFA Committee organised Sanctioned Tournaments (e.g. Indoor and Outdoor Championships), providing any entry criteria have been met.
- 3.5 As soon as the Tournament is full all further applications may be placed on a reserve list and the Host Team must advise all Teams immediately of the status of their entry. All entries are to be taken strictly on date of receipt. If a tournament is oversubscribed a draw will be made of all entry forms received on the same day. If a tournament is over-subscribed after the first available post for postal entries, electronic entries already received will not be given precedence over postal entries and will be included in any draw required.
- 3.6 All teams on each entry form pulled out will be allocated a place until the tournament is full (please contact the Show Secretary for clarification, if required.) At the closing date for entries the Tournament Organiser must appoint a Tournament Head Judge. If this is not possible they must contact the BFA Show Secretary immediately. Prize money for any one team may not exceed £100 per event per day. In addition, a host or sponsor may offer expense money provided the same is distributed fairly among all participating teams based on actual expense.

4. Tournament Seeding/Running Order

- 4.1 Running orders and tournament information must be posted on the BFA website so they are available to all team members. An emailed version can be sent if requested by the team captain. Seed times used must be shown with faster and slower declared times clearly marked.
- 4.2 Divisions - If the host Team elects to offer divisions, teams should be placed in each division based on times. Teams may submit times for seeding purposes - otherwise the current BFA seeding will be used. There shall be no less than 5 teams and no more than 7 teams in each division.
- 4.3 Teams should be seeded based on the information available from the BFA website. Seeding times for a tournament will be based on the fastest time recorded by a team during their last 3 sanctioned events and a seed list will be supplied from the latest available data on the 14th day before the tournament date, with the exception of a BFA Committee organised Sanctioned Tournament (e.g. Championship) when the seed times shall be taken on the 21st day before the tournament date Any time recorded more than 4 months before this date is null and void. A declared time, to be used as the seeding time, MUST be submitted by the Team Captain at least 14 days prior to the Tournament, with the exception of a BFA Committee organised Sanctioned Tournament (e.g. Championship) when no declared times shall be accepted. If a declared time is not submitted then the last available recorded time will be used (even if this is over 4 months old), if there are no previous times recorded for a team then a time of 22.00 seconds will be used as a declared time. A declared time may be submitted - it must be at least ½ second faster or ½ second slower than the teams seeded time and will be subject to the Team break-out rule. Teams not on the seed list must submit a time and will be subject to the team break-out rule. The BFA Committee may organise other sanctioned events throughout the year that will follow the process for a standard Tournament and not a Championships.
- 4.4 Where speed trials (ST) are used as a preliminary round at a tournament, the results from that ST can be used to re-seed the teams in those divisions into new divisions for the double elimination (DE) or round robin (RR) part of the event at that tournament. A dog must remain in the same team for both ST and DE/RR even though the team may move divisions.
- 4.5 Only BFA Registered Teams and non-UK teams competing under the European Flyball Charter will be officially seeded. Non BFA Registered 'scratch' Teams (i.e. made up from more than 1 BFA team, all handlers etc. being BFA members) may enter a Sanctioned Tournament at the discretion

of the Tournament Organiser if there are places available not filled by Registered Teams and be seeded by declared time. Any such non-registered (UK) teams shall run 'Not for Competition'. A BFA registered team, which contains one or more dogs not eligible to run with that team, for any reason, must also run 'Not for Competition' and will only be accepted if places are available. Team captains must declare this prior to the show, preferably on the show entry form or as soon as it is known thereafter. These teams may run either on their seed time or a declared time and will take preference over any non-BFA registered team.

- 4.6 No changes shall be made to a BFA Committee organised sanctioned tournament (e.g. Championships) running order less than 7 days prior to the event starting, except where the Committee feel the change is in the best interest of the tournament.
- 4.7 The Organiser and all in attendance at the tournament (including non-BFA members) must follow current BFA Rules and Policies, whilst within the tournament grounds.
- 4.8 The tournament grounds may include any areas designated by the tournament organiser. Team captains are responsible for any non-members whom they invite to the tournament.
- 4.9 If the Records and Statistics Coordinator is present at the Tournament, the original Time Sheets (BFA Form C.2), and Tournament Results form (BFA Form C.6) should be handed to them at the time. If these documents are not handed over and prior to posting, photocopies should be taken whenever possible and retained by the Tournament Organiser. Advance Results should be emailed as soon as possible after the tournament ends so that the seed list can be updated. Otherwise, following the Tournament, the Organiser must post the original Time Sheets and Tournament Results form to the Records and Statistics Coordinator within 2 days to ensure that the latter is in receipt of the same within 7 days after the Tournament. Jump Height form(s) (BFA Form C.9) to be forwarded to the Height Card Co-ordinator via either post or email. Any protests and or reports should be forwarded to the BFA Secretary within 7 days.
- 4.10 The Records and Statistics Co-ordinator will advise the Treasurer if the Organiser has failed to meet the 7-day deadline. The Organiser is to forward a copy of Tournament Results form (BFA Form C.6) together with payment for the Race Registration fees of * per team per class for all teams entered, including those running Not for Competition (NFC), to the Treasurer by the same 7 day deadline. After the 7 days the Treasurer shall assess the Organiser's liability for a £25 late penalty. * Current fees will be shown on C.6 form.
- 4.11 The Tournament sanctioned by the BFA must use a BFA approved Tournament Head Judge, who should be a current member of either the BFA or other International Flyball body recognised by the BFA. The Tournament Head Judge should not be a member of the Host Team. The BFA will assist the Tournament Organiser by either training or making available a Tournament Head Judge.
- 4.12 Only BFA Registered Teams with a valid seed time can compete at a BFA Committee organised Sanctioned Tournament (e.g. Championships). There shall be no declared times permitted at a Championship. Teams from other countries invited by the BFA Committee will be sanctioned to submit a declared time.
- 4.13 To qualify for a Championship Teams shall have raced three times outdoors for an Outdoor Championship and three times indoors for an Indoor Championship within the four months prior to the relevant tournament schedule being released. The committee will have a number of "Wild Cards" at their disposal, details of which will be published in the schedule.

5. Tournament Format

5.1 The Tournament format shall be round robin or double elimination. Other formats may be approved after consultation with the Show Secretary. The racing format must be clearly indicated in the tournament schedule.

5.2 Round Robin Competitions

Each team races every other team entered in their division once. Each race shall have three heats or be of the best 3 out of 5 format. Round Robin format can be run as block or staggered.

5.3 Double Elimination Competitions

An alternative format of racing which can be used by Tournament Organisers, often preceded by Speed Trials. Copies of the format forms for double elimination may be obtained from the Records and Statistics Coordinator. To allow teams more racing in double elimination tournaments, some teams have offered consolation rounds for those teams eliminated early. Consolation rounds can be round robin, single elimination or double elimination. This may be adapted to include a single elimination final if the tournament organiser wishes. ALL variations in format shall be clearly marked on all tournament information (diary, schedule, running order etc). NOTE: Speed Trials are not a proper Tournament format on their own and can only be used as a preliminary to a Double Elimination.

5.4 Other classes offered may include Multi-breed, Veterans, Novice etc. and various 'Fun Classes'.

5.5 Tournament Duration Guidelines

- a. A 12-team round robin with 2 divisions would require 5 hours, but each team would only race 5 times.
- b. A 12-team double elimination would require 3 hours and 50 minutes. Some teams would only race twice, while others would race 5 or 6 times.

5.6 Duration of Racing

The Organiser shall not expect more than 78 races per ring in any one day, including starters/intermediates, regardless of format. Sanctioned racing shall take precedence over fun events at all times.

6. Tournament Layout

6.1 The minimum area required for two regulation lanes is approximately 30' x 120' where the size of ground permits. Any lanes and runback not falling within this requirement must be stated on the Tournament Schedule and Diary page. There shall be two racing lanes set not less than 12' and not more than 20' apart from centre line to centre line. The length of the racing lane shall include an area not less than 29' leading up to the start/finish line and an area behind the Flyball box and in front of the backstops of 7' to a minimum of 5' where space is limited from the front edge of the Flyball box.

6.2 Indoor venues - In cases of racing lanes being placed on hard surfaces or carpet (such as indoor/outdoor carpet where rug burns are possible), the whole length of each racing lane shall be matted to the end of the run back, including underlay with a minimum thickness of 6mm. (no underlay is required if 'Tuff Spun' matting is used) There shall also be matting for a minimum 4' on either side of the racing lane centre line for the length of the racing lane leading up to the first jump and an area from the last jump to the backstops. All indoor tournaments using rubber matting for the lanes to cover a slippery surface, e.g. a sports hall floor, must put rubber matting or another suitable non slip surface to cover the entire back board area and also between the lanes from the box line for a distance of at least 15 feet back towards the start line. i.e. from the

box line to the first jump in front of the box. Where sod, dirt, grass or similar surfaces are available matting shall not be required.

6.3 Outdoor venues - Tournament Organisers should endeavour to find flat ground. If the ground has an obvious incline, the Tournament Organiser must arrange racing lanes to ensure that dogs run 'uphill' to the box rather than 'downhill'.

6.4 The flyball ring should be clearly defined and identifiable, only flexible stakes can be used to hold up netting at the end of the run back area.

6.5 Where netting is used to divide the run back area a minimum gap of 25' must be implemented from the start line and a minimum gap of 4' must be implemented at the back of the run back area.

6.6 If tournament organisers want to change what has been the normal layout of the Flyball ring, these changes must be put in writing to the BFA secretary in advance for their approval before implementing these changes.

7. Set Up

7.1 There shall be a distance of 6' from the start/finish line to the first jump, 10' between each jump (4 in total) and 15' from the last jump to the front edge of the Flyball box. The distance between the box line and the start/finish line shall be not less than 51 foot and not more than 51 foot 1 inch.

(note the illustration here does not show the 1" tolerance)

7.2 Backboards

The host team shall provide a solid backboard (Approx. 24" high) 7ft, to a minimum of 5' where space is limited, from the front edge of the flyball box, in a horseshoe shape so that the backboard is no further forward than the box line. The total length of the backboard should be 24ft and can be in sections for ease of carrying/transporting.

Backboards 2ft high approx., 24ft in total length, may be in sections for ease of movement.

The only equipment permitted within the backboard area during racing is the flyball box and any associated weights/fixation devices.

7.3 Jumps

The host team shall provide two sets of identical Flyball jumps for the duration of the Tournament. Teams are asked to co-operate by lending equipment.

The jumps shall be solid, white and are to have an inside width of 24", with posts neither more than 36" high nor less than 24" high. The outside of the posts may be painted any colour, but the edges must be white. Logos and/or lettering shall be permitted but limited to 3" x 20". The tops of the jumps are to be flexible / breakable AND protected at the front, top and back with foam or soft material (e.g. 15mm x 25mm water pipe insulation). The slats (not baseboard) shall be clearly marked with their size.

7.4 The Tournament Organiser should provide water at tournaments for drinking and cooling the dogs down

7.5 The maximum height for any Judges score stand to be set at 4ft . This can be of any design but not exceeding 4ft in height.

8. Tournament Assistance

8.1 The BFA will provide advice to assist individuals, teams or groups hosting BFA Sanctioned Tournaments, including advice on handling entries, preparing schedules, providing insurance, providing forms, judges, rules, and set up.

A.2. Rules for Competition

1. Amateur competition

The BFA encourages amateur competitions. Teams may accept up to £100 prize money per class and/or reasonable expenses incurred for promoting Flyball or competing in Flyball competition and/or trophies, uniforms and equipment that identify a sponsor or host team.

2. Membership

Only BFA Members are allowed in the ring during the racing of open and multi-breed competitions.

Alcohol is not permitted in the flyball ring during competitions. Smoking of tobacco products (including electronic/vaping type cigarettes) is not permitted within 15 feet of the flyball ring during competitions.

Temporary membership may be offered to guests, following approval by the BFA Committee.

3. Minimum age

3.1 Dogs under the age of 18 months will not be allowed to compete at sanctioned Flyball events even if running in a team stated Not for Competition (NFC).

3.2 If a Starters Competition is run, dogs entered must be a minimum of 12 months old.

4. Electronic Judging System (EJS)

BFA approved timing equipment only may be used at sanctioned tournaments they will display three amber lights and be set at a one second sequence. Any new lights must be approved, after consultation with the Committee. EJS may be supplemented by Automatic Pass Evaluation System (APES), where available.

5. Teams

5.1 All Teams will appoint a Manager/Captain who must be a current BFA member and who will submit the Team name (and Secondary names if applicable) to the Membership Secretary for approval. If acceptable this name will be registered with the BFA and no other Team will be permitted to use it or derivatives thereof.

5.2 Dogs may not be entered for racing in more than one team at an open/multi-breed BFA Sanctioned Tournament. Dogs may not take part in starters, intermediate or fun events on the same day as they are entered in open/multi-breed.

Please note teams registered as Open teams may only compete in Open competitions. Teams registered as Multi-breed teams may only compete in Multi-breed competitions. Use of any team for a class of racing other than for that which it is registered will result in the loss of all points, times and placing for the competition(s) where it has been used out of class.

5.3 Team members shall not be prohibited from training with other teams.

5.4 A dog may change teams at any time to compete with another BFA registered primary team, but after this change it may not change teams again for a period of 6 months (e.g. a dog races with Team A on 1st April 2016 so it is free to race with Team B on 1st October 2016). The owner/handler must inform the membership secretary of any such change.

The only exceptions are:

- a. A dog prohibited from competing with an existing Team. Proof must be provided to the committee for consideration.
- b. The handler/dog has moved to another area and their previous Team accepts the transfer.
- c. Their previous Team has dissolved, and the Membership Secretary has been informed.
- d. If a new team is formed and dogs are transferred to this team then these dogs may not be released from this team for a period of 6 months.

All requests to move a dog from one primary team to another within 6 months shall be emailed to the BFA secretary with reasons for the request to move.

5.5 At a tournament, each team shall consist of a minimum of four dogs and a maximum of six dogs; a current BFA member responsible for each dog; and a current BFA member as box loader. The dogs must be eligible to run for that team. Each team is to have four dogs running in each heat, with a maximum of two alternates as standbys close at hand. The alternates may be used at the team's discretion or in the case of injury.

5.6 Overseas Guest Teams must only include non-UK resident dogs.

5.7 Dogs may compete for fun or the experience. In such cases, all heats in which they compete will be forfeited and none of the dogs in the Team will be awarded Flyball points.

5.8 In multi-breed only competitions, teams must consist of all different breeds recognised by the BFA. Any new breed requests should be sent to the Membership secretary for approval along with any documentation.

5.9 In addition to the handlers/holders and the box-loader a team may at their discretion be accompanied by team members to pick up loose balls, set up knocked down jumps, collect times, record changeovers and any other relevant jobs to the team, provided doing so does not interfere with the Judges, or the opposing team. Members of the team who do not have a job may be asked to leave the ring by the Divisional Judge. A racing team may be assisted by up to five additional Members. Teams that require more than five assistants must gain approval from the Head Judge prior to racing. Members may be asked to leave the ring by the Divisional or Head Judge if causing a distraction or in any way impeding racing.

5.10 For multiple entries of the same team once any of their teams has started racing in the tournament there will be no switching of dogs from one team to another once the division begins.

5.11 Forfeiting teams may be declared NFC or be excluded from the tournament by the Head Judge/Tournament Organiser

6. Time sheets

6.1 The Time Sheet (BFA Form C2) must be completed and returned to the Tournament Organiser before the start of racing in the division in which the team is seeded.

6.2 Details on the C2 timesheet cannot be changed once the division, in which that team is racing, has begun.

6.3 The team or divisional breakout shall be included on the C2 timesheet, if applicable.

6.4 The following information shall be recorded on the C2 timesheet, all information shall match the information held on the BFA website:

- Team's name and number (TRN)
- The captain's name and BFA number
- Each dog's name, BFA number, registered breed and height

- Each handler's name and BFA number (Handlers must be current BFA members and can be from any primary team)
- Box loader's name and BFA number (Boxloaders must be current BFA members and can be from any primary team)

6.5 It is the responsibility of the team captain, or a representative of the team captain, to ensure that all information on the C2 timesheet regarding their team is correct.

7. Team Equipment

7.1 Flyball Boxes

- Each team shall supply its own Flyball box, which should be safe and fit for the purpose intended.
- All boxes are to have a mechanical (not electrical) pedal release mechanism.
- The boxes may be painted or decorated as the team wishes.
- The ball, when released, must have a free unobstructed flight of not less than 24" from the box cup in a forward direction.
- Boxes shall not exceed 30" in width, 20" in height or 30" in depth. The dimensions do not include any platform the box loader uses to hold the box in place.
- Boxes should be constructed with the comfort and wellbeing of the dog in mind. Sharp edges should be avoided and adequate padding and protection should be used.

7.2 Balls

Each team shall have its own supply of un-punctured, tennis balls (any colour - that should easily be distinguishable when being carried by a dog, to a judge officiating a race) Subject to the size and comfort of the dog, other tennis-type smaller approved balls may be used.

8. Reporting for races

- 8.1 Practice Runs - Tournament Organisers shall designate a time for warm ups in the rings by informing the teams prior to racing. No other training shall be allowed in or near the ring.
- 8.2 If one or more team member is more than 5 minutes late for the scheduled start of a race, all else being in readiness, the Division Judge may declare a forfeit by that team.
- 8.3 Teams that win by forfeit must run but not necessarily complete, the minimum required heats scheduled to qualify for points awarded in round robin or to advance in double elimination competition. If another team is not available to compete, the team shall race without an opponent.
- 8.4 Forfeiting teams that do not show just cause, may be excluded from the Tournament by the Organiser and may be subject to further discipline.

9. Race results

The host team must display results (fastest times and wins/losses) as soon as possible after the running of each race for competitors to view.

10. Record times

British record breaking times for both Open and Multi-breed Sanctioned Tournaments must be recorded on the appropriate form and verified by a BFA Head judge and a committee member or their representative, (i.e. the tournament organiser or another head judge), if a committee member is not present. The following must be checked and verified: Lane length, jump height, and placement, box function and placement, function and alignment of timing equipment. The measurement of the height dog must be verified by-checking the current Dog Height Master List that is held by the Tournament organiser-if the dog is not on the Dog Height Master List then the dog shall be measured unless it has been measured that day and recorded on Jump height form C9. Times recorded at a BFA sanctioned tournament on approved BFA timing equipment will be recognised as a record breaking time.

11. Protests

- 11.1 Protests pertaining to a Sanctioned Tournament should be addressed in the first instance to the Tournament Organiser in writing within 7 days of the Tournament and copied to the BFA Secretary.
- 11.2 Protests pertaining to safety should be directed through Team Captains/Managers to the Tournament Head Judge prior to submission in writing to the Tournament Organiser, within 7 days of the Tournament, with a copy to the BFA Secretary.
- 11.3 The Tournament Organiser should submit all correspondence on the protest to the BFA Secretary within 14 days of the Tournament. The BFA Secretary shall then inform the BFA Committee, who would decide whether or not the nature of the protest should be dealt with as per Rule Section F.1.3 or be resubmitted in accordance with Section F.4.1, and in this case the time limit would be extended by a further 14 days from the date of notification to the member after the committee's decision
- 11.4 The BFA Secretary shall notify all parties of any recommendation or action taken. The individual or group making the protest may appeal to the BFA Committee.

A.3. Rules of Racing

1. **Control of dogs** - Dogs may wear a collar and/or close fitting harness. No hanging parts will be allowed that are liable to flap around when the dogs are racing. Whenever possible, dogs should have all four feet on the ground. At no time should they be dragged around by their collar or harness with any of their feet off the ground. For the dogs' safety, should dog tags on the collar be too loose, the handler may be asked to remove the tag or collar.
2. **The Divisional Judge**
 - 2.1 After the warm up period and between heats when the Divisional Judge has shown their intention to begin racing they shall signal to the teams to be ready to start each heat. If one team acts in an unsporting manner or wastes time preventing the heat to start at the Divisional Judge's request, the Divisional Judge will at first issue a warning to the team for timewasting. Should this offence be repeated, with the other team ready to race, the Divisional Judge will signal their intent and start the heat.
 - 2.2 If during the warm up period or during the course of racing a dog is involved in a crash or collision the Divisional Judge must complete an incident form (to including the name & registered number of dog(s) involved, any witnesses, description of the accident & whether the dog continues to race or received any treatment (if known). This form will be forwarded onto the BFA Veterinary Adviser within 7 days of the conclusion of the show.
3. **The Start** - Dogs may start from a stationary or running start. When using a manual start, if any part of the dog's or handler's body is over the line before the race is started, it will be an infringement, to be called by the Line or Division Judge. When electronic starting lights are used, any part of the dogs' or handler's body breaking the beam will cause an infringement to be called by the Line or Division Judge. The heat is to be restarted. If a second such infringement is called against the same team (for that race) the dog must run again. If a second false start is called coincidental with the opposing teams first false start the heat is to be restarted.
4. **The Run** - Each dog is to pass through the start/finish gate, hurdle the four jumps in succession, trigger the box to release the ball, and return over all four jumps and pass through the start/finish gate, with the ball in its mouth. During the return run a dog may retrieve a dropped ball without penalty, (even if this means jumping more than four jumps on the return run). Only when the first dog has reached the start/finish line with any part of its body may the second dog reach that line with any part of its body (generally this is a nose to nose pass at the start/finish line) and so on for all four dogs, as well as dogs that must run again. Early passes will be indicated by the Line Judge and the dog will be required to run again after the other dogs have run. Dogs that are faulted for any reason must be re-run in the order that they were faulted. If a dog reaches the start/finish line before the preceding dog has reached the start/finish line or does not take every jump, or does not trigger the box and take the ball from the cup, or does not return with the ball, the dog must run again. If any part of the handler's body or associated objects crosses the start/finish line during their dog's run the dog must run again (with the exception of setting up a knocked down jump or retrieving a loose ball). When electronic changeover lights are used any part of the outgoing dog's body breaking the beam before any part of the returning dog's body will cause an infringement to be called by the Line Judge. For each heat, jump heights shall be set at the Jump height of the smallest dog (running, not standing by), as recorded on the Team's Time Sheet for competing dogs, with a minimum of 6" and a maximum of 12", this height to include any protective materials.
5. **Knocked down jumps/Broken boards –**
 - 5.1 Knocked Down Jumps - A dog that knocks down a jump or jump(s) during its run shall not be penalised, provided the following dog(s) clear the jump(s) as if it/they were standing. A 'runner'

or handler may set up knocked down jump(s) if so doing does not interfere with, or guide the dog(s) in any way.

5.2 Broken Boards - The heat shall not be stopped for broken boards, unless, in the opinion of the Division Judge the dog(s) may be subject to injury. If the Division Judge stops the heat to prevent a possible injury, it is to be restarted.

6 **Box Malfunction** - The box loader shall indicate to the Box Judge and Divisional Judge when there is a box malfunction by raising both arms above the head, crossed at the wrists and the heat shall be stopped. No one may tamper with the box after a malfunction, until the Divisional Judge has checked it. This Judge is to examine the box and if in their opinion, the box has malfunctioned, the heat shall be run again. If the box is found to be working, the heat shall be forfeited. If another box is not available and the original cannot be repaired in a reasonable time, the heat and any remaining heats of the race are to be forfeited. If the box malfunctions a second time (or the spare box malfunctions) in the same race the heat and all remaining heats in that race shall be forfeited.

7 **Out of bounds** - The host team shall specify the race area boundaries. If a ball bounces out of bounds and the dog retrieves it unaided, there shall be no penalty. If a spectator, handler, box loader or other aids the dog; the dog is to run again. Out of play shall be the same as if the ball were out of bounds, for example, if the ball becomes lodged or trapped inside the box.

8 **Interference/Distractions**

8.1 Interference - Interference is defined as obstructing the other team's dog from running/completing its race. This includes interference in the racing lane, in all bound areas and in the area where dogs are waiting to run. A dog chasing a loose ball into the other team's area is not necessarily interference if it does not impede the opposing team from racing. The team causing an interference will forfeit the heat. The interference will be noted against the offending dogs' details on the C2 form by the divisional judge, including a description of the incident. If a dog interferes with the opposing team more than twice during a Sanctioned Tournament the team must not run that dog until the opposing team have fully completed their heat. This will apply for the remainder of the Tournament. If a dog continually interferes with opposing Teams, it is at the Divisional Judge's discretion that it may be excluded from racing and the Team be allowed to use a reserve if one is recorded on their Time Sheet.

8.2 Distractions - Team members shall not distract the opposing team by bouncing a ball, using a Flyball box at the end of the run, or by any other means including throwing any object for their dogs (e.g. toys, treats or motivators). The first offence of distraction shall receive a warning - a second offence or any offence thereafter during the race will result in the loss of the heat at the Divisional Judge's discretion. Team members are required to pick up any loose balls at the end of each heat.

9 **Box Loader** - Except during the warm up, to load the box, to retrieve a loose ball or get a fresh supply of balls to load, the box loader must remain in the upright position behind the box with hands behind their back. The box loader may offer verbal encouragement only, as long as such encouragement does not distract the opposing team. The box loader is to remain in position until the Divisional Judge determines the outcome of the heat. If, in the Divisional Judge's opinion, a box loader has violated any of these rules, their team may forfeit the heat. If, in the opinion of the Divisional Judge, a box loader assists a dog, except where provided for in the rules, the dog shall run again

10 **The Finish** - The first team to have all four dogs successfully complete a run wins the heat. The finish shall be when the last of the four dogs reaches the finish line with any part of its body and the

Divisional Judge has declared the winner of the heat. A Heat may be won due to default by the opposing team according to the rules of racing. A Judge at his discretion can stop a race to allocate a win to a team that has not completed a heat. A loss for both teams may be recorded.

BO times will not be used for team placing's in the event of a tie. In the event of 3 BO's all earlier races for that team will be recorded as losses and wins will be recorded for their opponents.

- 11 **Break outs** - With the exception of division 1, a team running more than ½ second faster than its declared submitted time will be declared the loser of that heat.

Division Break-out – with the exception of division 1, a team running more than ½ second faster than the time of the top team in a division (whether seeded time or declared time) shall be the loser of that heat.

If both teams 'break-out' in a heat or one team 'breaks-out' and the other fail to finish, both will be declared losers. A team that 'breaks-out' three times in a tournament will be ineligible for any placement in that tournament. If the electronic system fails, this rule will not apply.

Break out times are to be recorded on the time sheets.

NOTE: This rule applies to all Teams entered. The team may continue to race but all previous wins will convert to losses (and wins will be recorded for their opponents) on all racing paperwork and the team will therefore lose their placing for the day although their fastest time will be used, if appropriate, for a new seed time. BO times will not be used for team placings in the event of a tie. In the event of 3 break outs, all earlier races for that team will be recorded as losses and wins will be recorded for their opponents.

Flyball is a sport of racing where good sportsmanship is paramount. It is unsporting for a team to deliberately hold back (either on starts or crosses) in order to gain points or division placing. Where a team is seen by the Divisional Judge or their ring party to be holding back on the start or crosses, the Divisional Judge may consider whether the team would have broken out if they had not held back, If so the team will, at first, be warned by the Divisional Judge and the tournament Head Judge shall be informed. Teams should endeavour to run all 4 dogs. However if the other team have completed and has clearly won and there is for example an older dog or one returning from injury that has a light, the Divisional Judge may accept a non-completion provided they have been informed of the possibility before their first race. Any team that has a legitimate reason (i.e. nervous dogs, novice dogs, and inexperienced handler) for 'slack' starts or changeovers or for any other reason shall inform the Divisional Judge when entering the ring for their first race.

Should the practice persist; at the discretion of the Divisional Judge and Head Judge, the team may be disqualified. (Should the tournament Head Judge be involved in the race an alternative Head Judge, if available, or, if not a Qualified Judge will act as adjudicator). Upon disqualification the team will lose all points, any wins will convert to losses on all racing paperwork and the team will therefore lose their placing for the day. Disqualified teams will no longer be permitted to race and their fastest time will NOT be recorded for seed lists. If the electronic system fails, this rule will not apply. NOTE: This rule applies to all teams entered. Break out times are to be recorded on the time sheets.

12. NFC – Not for competition

If a team introduces training aids (e.g. jump wings) during the course of a heat, they shall be declared 'not for competition' – NFC. Team members may, in consultation with the Divisional Judge and having declared themselves as NFC, be allowed in the racing lane to assist with training aids or become static training aids, however the opposing racing team can object to the Divisional Judge if they consider this to be too much of a distraction. NFC team members will refrain from

running or walking up and down the racing lane during a race. The NFC team will continue to run but all their races will be recorded as lost. All earlier races for that team will be recorded as losses and wins will be recorded for their opponents. Their Time Sheet will be noted accordingly.

13. Withdrawal from racing

- 13.1 Team captains have the right to withdraw their team(s) from racing for a lame dog or prevailing weather conditions not conducive to the running of a particular dog(s) in that team.
- 13.2 As regards the prevailing weather conditions the Tournament Organiser and Tournament Head Judge shall be consulted in the first instance.
- 13.3 Team captains shall also notify the Tournament Organiser and the Divisional Judge of their intention to withdraw and for what reason, either before or during the Division in which their team is seeded.
- 13.4 Once withdrawn from racing, if the team returns later in the day, all remaining races will be recorded as losses and No Time recorded on the C2 form.
- 13.5 Points, placing and times are kept up to the point of withdrawal, as long as the team has not introduced training aids or declared themselves NFC and has followed the above process.

JUDGING AND RING PARTY

Section B

B.1 Ring Party

Five judges shall officiate when two teams are running.

One Line Judge shall be positioned at each team's starting line, facing each other. Two Box Judges are to be located at the box end, with a good view of the box loader, but not standing so as to interfere with, or distract the dog. A fifth judge shall act as starter, Divisional Judge and referee. All line and box judges within the ring must be 14 years of age or over, unless directly supervised by an additional adult member (i.e. not supervised by the Line Judge or Scribe). Two scribes may be used to assist the line judges.

B.2. Head Judge

1. Qualifying process

1.1 Qualified Judges desiring to be approved by the BFA as a Head Judge must apply to the BFA Judges' Board for their Log Book to be considered as a trainee Head Judge. All applicants wishing to become a Head Judge must be:

- b. a competitor/dog handler with at least three years' experience in the BFA.
- c. in good standing with the BFA and a current member
- d. must be a Qualified Judge for at least 3 years (Log books will not be issued until applicants have been a Qualified Judge for 3 years).

1.2 The date of application will be logged and they will be sent a Training Log Book and any other necessary paperwork. Each Head Judge must provide a written report on the candidate's competency on the day, completing the sheet provided for the purpose in their Training Log Book. This does not necessarily need to be the tournament Head Judge but can be any Head Judge who is willing to write a report after observing the qualified Judge during a division at a sanctioned tournament.
- c. Have completed the requirements to be a Measuring Official.

The Judges' Board will mark the paper and indicate a 'pass' or 'not ready' in the candidate's Training Log Book. All the above duties must be recorded in the Training Log Book and each discipline when completed, must be signed by the Tournament Head Judge, Tournament

Organiser or nominated Officer (where appropriate), who should be informed beforehand that the person concerned intends to undertake these duties. If the Judges' Board rejects the applicant, they shall be notified and advised under what conditions they can re-apply.

2. Duties and responsibilities

2.1 Prior to the scheduled time for competition the Tournament Head Judge must inspect the ring. It should meet all the requirements of the regulations and be considered safe for competitors and dogs. Jump placement, jump heights, backstops, barriers and box location should be measured to make sure they meet these regulations. A deviation of a ¼" on the jump heights is considered minor and acceptable. Each box may be inspected by the Tournament Head Judge and shall not be allowed if, in their opinion, it has been constructed or altered in a manner that does not meet the box specifications.

2.2 The Tournament Head Judge in consultation with the Tournament Organiser shall reduce, delay or suspend racing due to inclement weather conditions (i.e. excessive heat, cold, rain, etc).

B.3. Divisional Judge

If a candidate is considered "Not Ready" for "Provisional Judge" status, further ring party assignments can be requested.
- e. Completed at least 10 Division Judge Assignments as a Provisional Judge and have a report completed by a supervising judge or Head Judge (at least 3 by a Head Judge), with a minimum of 5 different judges providing reports. If a candidate is considered "Not Ready" for "Qualified Judge" status, further provisional judging assignments can be requested.

1.2 Provisional Judges judging BFA sanctioned Flyball competitions shall be supervised, at all times, by a Qualified or Head Judge. Minimum age for divisional judging is 16, individuals under the age of 18 must be supervised from within the ring.

1.3 Once a Provisional Judge has completed their logbook and been accepted as a Qualified Judge, they shall not supervise any Provisional Judges for a minimum period of 12 months and need to have completed 10 Judging assignments.

2 Duties and responsibilities

2.1 Shall be positioned between the racing lanes in an area where they have a clear view of racing to start the heat.

2.2 The Divisional Judge shall maintain a consistent sequence for electronic starting. When starting manually, the Divisional Judge shall maintain a consistent cadence of approximately 1-second

intervals throughout the tournament and they should be in a position to assist the Line Judges in determining winners of close heats.

- 2.3 During the heat the Divisional Judge should be in a position to observe the handlers for any violations.
- 2.4 If it is necessary to stop a heat, the Divisional Judge shall use a whistle.
- 2.5 Stop the heat for interference in the ring.

 - c. A team that breaks out (single leg) racing against an NFC team.
 - d. When both teams break out
 - e. When both teams choose not to rerun a dog in order to finish the race
 - f. In circumstances a and b only three legs will be run. Circumstances c, d and e will count as one leg raced and *may* result in only three legs being run.
- 2.9 When judging with approved electrical equipment accurate to 100th of a second, ties should only be allowed when both electrical readouts are identical to 2 decimal places.

A Divisional Judge must leave exhibitors and spectators with the feeling that each team was given an equal opportunity and no team was given an unfair advantage. Therefore all Provisional, QJ's and HJ's have the responsibility to bring any rule anomalies to the attention of the Committee and may not use a discrepancy for gain
- 2.12 A Divisional Judge is not to engage in conversation with a disgruntled exhibitor. A judge's decision following mediation is final.
- 2.13 Any unreasonable behaviour, by any member, that is in breach of the Code of Ethics will result in that member/s being dismissed from the ring by the Divisional Judge or Head Judge and all divisions for the remainder of the day (If the offending member/s remains in the arena the team will be declared NFC. An incident report is to be submitted to the BFA Secretary within 14 days and will be kept on file.
- 2.14 Outside of the arena the Tournament Organiser or landowner may dismiss an offender from the venue
- 2.15 Judgement calls should be based on the experience, good character, and fairness of the Judge. The intelligent application of discretionary authority demands a Divisional Judge shall exercise common sense, fairness and initiative. Above all else, the safety and wellbeing of the exhibitors and their dogs should be foremost.
- 2.16 To retain their status, Head Judges and Qualified Judges must be current BFA Members and

 - If a team breaks out, BO should be entered alongside the time. A loss for both teams may be recorded.
- e. When hand timing is used or any part of the electronic equipment fails, or non BFA approved lights are used, this must also be recorded on the Time Sheet(s) heat by heat as such times will be disregarded when calculating fastest times and therefore seeding times.
- f. Indicate with a signal for a false start.
- g. Indicate with a signal:
 - When a dog is to run again (early pass, missing a jump, crossing the start/finish line without the ball)
 - If the handler crosses the start/finish line during the heat (other than to set up a knocked down jump or retrieve a loose ball)
 - Other rule violations for which a dog must run again
- h. It is the handler's responsibility to note the signal and re-run their dog
- i. Advise the Divisional Judge if a Team that submits a time runs a 'break-out' time in a heat, (this being more than ½ second faster than that team's submitted time).
- j. The Line Judges decision shall be unanimous with respect to determining winners of close heats. If they are not in agreement, the Divisional Judge shall consult with them and either declare a winner or declare the heat to be a tie.

1.2 Box judge Duties and responsibilities

- a. Observe dogs for faults, including dropped balls, missed jumps and not triggering the box; observe the box and box-loader for infringements including incorrect placement of the box and non-verbal encouragement; observe dogs, box-loader and spectators for interference.
- b. If the box-loader claims that the box has malfunctioned, the Box Judge shall indicate this to the Line Judge and the Divisional Judge by standing up, raising both arms above the head, crossed at the wrists. Following this, the Box judge shall then observe the box and ensure that it is not interfered with until it has been inspected by the Divisional Judge.
- c. The Box Judges and Line Judges (and their assistants) shall remain stationary during each heat. If a ball goes around or bounces off a judge, it shall be deemed in play.

One of these measures may be video recorded and then submitted to the Judges' Board, for future reference.
- 1.4 The dog's height must be agreed by two Head Judges / Measuring Officials on each occasion and by at least four different Head Judges/Measuring Officials by its required final measurement. Measures done by a member of the dog's team shall not count towards an entry on the Master Height Sheet, but shall be valid for the day's racing only.
- 1.5 Height measurements are to be recorded on BFA Form C.9 and signed by both officials who have measured the dog(s)

C.2. Measuring set up/environment

- 2.1 All measuring shall be carried out using only BFA authorised equipment; laser device and measuring stick where the datum line is set at 24".
- 2.2 The recommended distance between dog being measured and the laser is 2m and should never be less than 1 m (manufacturer's recommended distance)
- 2.3 Only one handler per dog shall normally be allowed in the measuring area unless the Head Judges / Measuring Officials choose to allow otherwise

- 2.4 A dog will be measured from the ground to between its withers. Withers being the dip between the dogs shoulder blades.
- 2.5 Dogs should be standing square with hocks perpendicular to the ground. The head is to be in a relaxed, natural position neither too high nor too low.

- 3.4 The result will be the dog's height; there will be no further appeal.

- 4.3 Handlers can refer to the Dog Height Master Sheet or refer to the C9 form if measured at the tournament.

- 4.5 Handlers whose dogs are not showing on the dog height master sheet may have their dog's jump height contested

C.5. Racing at incorrect height

- 5.1 If the Division or Tournament Head Judge determines that the team is jumping below the proper height, the team will forfeit any races won at the incorrect jump height.
- 5.2 Times recorded will not stand or count towards a seed time nor will any points be gained for legs run at the incorrect height.

DOG WELFARE AND VETERINARY GUIDANCE

Section D

D.1. General dog welfare

- 1.1 Owners have a “Duty of care” to the animals they keep under the Animal Welfare Act 2006, or any subsequent legislation regarding animal welfare. This legislation means that a person has to look after their animal’s needs, as well as ensure that it does not suffer.

This includes the need:

- a. For a suitable environment (place to live)
 - b. For a suitable diet
 - c. To exhibit normal behaviour patterns
 - d. To be housed with, or apart from, other animals (as appropriate)
 - e. To be protected from pain, injury, suffering and disease
- 1.2 All members of BFA teams, whether registered or unregistered individuals, are forbidden to use electronic shock collars, electronic dummy collars or pinch/prong collars on the tournament grounds (including racing rings, around the rings, camping, parking and exercise areas) at sanctioned tournaments. The tournament grounds include racing rings, spectator, parking and camping areas. Any team/handler found to be in contravention of any of the above will be disqualified from the competition with the loss of all points and placing in that division and may be subject to further disciplinary action.

D.2. Lamé dogs/Recovering from surgery

- 2.1 Lamé Dogs must not take part or continue to take part in a tournament. A Tournament Head Judge or Division Judge, in consultation with the Tournament Organiser, may exclude a dog that in their opinion is not in a fit state to race.
- 2.2 Dogs recovering from surgery or requiring bandages or support braces to protect an injury may not take part in a tournament. Bandages do not include coats, sweaters or stop pad protectors. Protective leg wrapping with cohesive dressing may only be used as a preventative but may not be used to protect an existing injury.

D.3. Bitches in season

- 3.1 Bitches in Season (from start to end of the season) are not allowed within the precincts (as defined by the tournament organiser) of a sanctioned tournament, starters competition or fun event.
- 3.2 The Mating of dogs at sanctioned tournaments, starter competitions or fun events is not allowed.

- 4.1 A Bitch that is or maybe Pregnant (whether the pregnancy has been confirmed or not) is not allowed to compete at sanctioned tournaments, starters competitions or fun events and for at least 10 weeks after giving birth.
- 4.2 Bitches due to whelp within 7 days of a competition are not allowed at a sanctioned tournament, starters competition or fun event.
- 4.3 Litters of puppies may not be purchased or sold at a BFA tournament.

4.4 BFA members selling puppies are permitted to display photographic advertisements. Puppies that have previously been sold may be collected at a show provided the BFA Committee and TO have been given prior notification.

D.5. Aggressive Dogs

5.1 If a dog shows undue aggression towards another dog or handler at any time during the competition, the Division Judge may exclude the dog from competing and a standby dog can be used. The Division Judge is to determine the degree of aggression that warrants substitution. Any dog excluded from competition must be reported to the BFA Show Secretary. A second such report and the dog will be barred from future competitions. An application for reinstatement may be submitted to the BFA Committee after a period of one year.

D.6. Infectious and contagious diseases

6.1 BFA members must not bring to a tournament any dog which has been diagnosed or exposed to any infectious or contagious disease either by direct contact (dog to dog) or by indirect contact (spending time in the same environment as an infected animal, sharing water bowls etc). Symptoms could include but are not exclusive to, coughing, sneezing, ocular or nasal discharge, vomiting, diarrhoea, pruritis (itching) and alopecia (hair loss). If you are in any doubt, seek your Veterinary Surgeons advice.

This includes dogs who have received their Kennel Cough vaccine in the last 14 days or dogs who have been in contact with a dog who has received their Kennel Cough vaccine in the last 14 days.

A BFA member who has a dog with an infectious or contagious disease is strongly advised not to train with other dogs until 21 days after symptoms have ceased or, where appropriate negative results have been received and must have the approval of the Veterinary Surgeon who has treated the illness.

A BFA member's dog that has been exposed to but is without symptoms must not attend a tournament and it is strongly advised not to train with other dogs for 14 days after their last exposure.

6.2 The BFA Committee, also upon consultation with a Veterinary Surgeon, reserve the right to exclude dog/dogs from a tournament if it is deemed to present an increased risk of spreading infection throughout the association.

POINTS AND AWARDS

Section E

E.1. Dog points and awards

1.1 Each time a team races in a BFA sanctioned flyball tournament with a recorded time, each dog that contributed to the time will earn points towards a flyball title (Appendix 2). The teams must actually compete. The amount of points awarded will depend on the time gained, as follows:

- Under 18 seconds = 30 points
- Under 21 seconds = 25 points
- Under 24 seconds = 20 points
- Under 27 seconds = 15 points
- Under 30 seconds = 10 points

All team handlers and box loaders must be current members of the BFA. All dogs must be BFA registered, and registered to an owner/handler who is a current BFA member. Failure to comply will result in the loss of all points.

NOTE: 'Fun' Events will not be subject to point allocation.

1.2 Any Team voluntarily going 'Not for Competition' (NFC) during racing will forfeit ALL points and placings. If a Team is forced to withdraw, dogs in the Team will retain any points and placings gained up to the time of withdrawal, provided a representative of the team present themselves at the Ring for subsequent races.

1.3 If an average time is awarded, the time will be calculated based on the average time of that combination of dogs and points will be awarded accordingly. If it is the only instance in which that combination of dogs has run, then a no time (NT) will be awarded and no points will be gained.

1.4 All team captains, handlers (and registered owners if this is different to handler) and box loaders must be current members of the BFA (see also A.2.1).

1.5 It is the responsibility of Team Captains and Members to check points allocated to their Dogs in good time and they will therefore have SIX months from the date of any Sanctioned Tournament to lodge queries concerning these points with the Records and Statistics Coordinator. After this period enquiries will only be considered at the Committee's discretion. In such cases an administration fee of £10.00 must accompany the enquiry.

E.2 Loss of points

2.1 If the team name and/or team number (TRN) are missing, incorrect, or do not match, points, placing and seed time will be lost.

2.2 If the team captain's name and/or BFA number are missing; incorrect; do not match; or the team captain is not a current BFA member, points, placing and seed time will be lost.

2.3 If the box loader's name and/or BFA number are missing, incorrect, do not match, or the box loader is not a current BFA member, points, placing and seed time will be lost.

2.4 If the handler's name and/or BFA number are missing, incorrect, or do not match, points will be lost for that dog.

- If the handler and/or registered owner is not a current BFA member points, placing and seed time will be lost for that team.
- If all handler numbers are missing, incorrect, or do not match, then points, placing and seed time will be lost for that team

2.5 If the dog's name and/or BFA number are missing, incorrect, or do not match, points will be lost for that dog.

2.6 If the dog's breed does not match the breed it was registered as, points will be lost for that dog.

2.8 If the dogs are not circled, the points for that leg are lost.

3.3 The awards take the names from previous successful juniors who have achieved 1st place in the original annual competition along with a precious metal or gemstone. No two awards will have the same surname. (Appendix 3 – list of awards)

3.4 From 7000 points onwards, the Milestone awards will take the surname of the person reaching the required points first adding a precious gem of their choice (if the same person reaches a subsequent award first then a gem and name will be allocated by the Award Secretary).

3.5 Points are awarded for;

- a. judging half a division at a Sanctioned Tournament (minimum 16 years of age) or half a division at a Starters Tournament.

APPENDIX 5 – SOCIAL MEDIA POLICY

Purpose and Scope of the Policy

The British Flyball Association (“the Association”) recognises that the internet provides unique opportunities to participate in interactive discussions and share information on particular topics using a wide variety of social media. Therefore, the Association does not wish to discourage its members (“the Membership”) from accessing and using such media, nonetheless it expects that certain standards of conduct are observed to protect its reputation and the Membership from the dangers of inappropriate use.

Who is covered by this policy?

The policy covers the entire membership, including ordinary members, Committee members, office bearers, and any other officials or judges. Third parties who post to any public facing Association social media accounts or pages must also comply with the policy.

Procedure

- The BFA expects its members to keep confidential information secure.
 - This means members must not post information on a social networking site which is confidential to the BFA, or its Membership.
- The BFA expects its members to comply with data protection requirements.
 - This means members must not breach any data protection obligations, for example disclosing personal information about another member online.
- The BFA expects its members to act with integrity and comply with ethical standards and all applicable laws.
 - This means members must not breach any other laws (in addition to Data Protection) or ethical standards (for example, to use social media in a false or misleading way).
 - Members must not post entries on a social networking site which are derogatory, defamatory, discriminatory or offensive in any way or which could bring the Association into disrepute.
- Members should be aware that documents can be created on social networking sites which Courts can order to be disclosed for use in litigation. Consequently, the Membership will be assumed to have written any contentious items attributed to them unless they can prove definitively that they have not done so.
- The BFA monitors its IT systems and Social Networking accounts/groups/pages as is deemed necessary in order to prevent inappropriate usage. Hard copy of any blog entries/social media posts will be used in any disciplinary proceedings.
- Members should report any instances they feel may breach this policy to a BFA Committee member with accompanying screenshots/links/evidence wherever possible.

Disciplinary Action

Members whose conduct breaches this policy will be subject to disciplinary action in accordance with the Association’s disciplinary policy as outlined in Section 3 of the BFA Rules. This can be up to and including, dismissal and barring from the Association.

Acceptance

By applying to be allowed to access any Social Media site operated by or in the name of the Association and continuing to use the site by either reading or posting comments, you indicate your acceptance of this policy and you agree to be bound by the conditions of use.

APPENDIX 6

DATA PROTECTION POLICY

Purpose and Scope of the Policy

The purpose of this policy is to outline the principles of Data Protection and ensure all members of the British Flyball Association (BFA) are aware of their obligations in accordance with the Data Protection Act 2018 (DPA18).

This policy covers all members of the BFA, all BFA officials and any individual handling or processing data on behalf of the BFA or a BFA sanctioned activity.

The Data Protection Act

DPA18 is the UK legislation implemented as a result of the European General Data Protection Regulation (GDPR), which states that 'the protection of natural persons in relation to the processing of personal data is a fundamental right.' It confers rights and responsibilities on both individuals and organisations. Therefore, to protect the BFA and its membership, any individual handling or processing personal data should be aware of what personal data is, what processing means, and what their duties and responsibilities are so that they act in accordance with the law.

Personal Data means data which relates to a living individual who can be identified from that data. This includes any expression of opinion about the individual and any indication of the intentions of the data controller or any other person in respect of the individual.

Processing means collecting, storing, retrieving, holding, using structuring, filing and destroying personal data as well as the requirement to ensure correct processing of personal data.

The Data Protection Principles

DPA18 gives people the right to access their personal data, the right to require the rectification or destruction of inaccurate data and the right to have their data treated in accordance with the 6 Data Protection Principles:

Principle 1. Personal data must be fairly and lawfully processed. You must be transparent, clear and open about the reason for collecting personal data; it is unlawful to collect personal data without a legitimate reason. Be sure you know why you need it before you ask for it.

Principle 2. Personal data must be obtained for one or more specified and lawful purposes and must not be further processed in any manner incompatible with that original purpose. The data can only be used for the purpose it was collected; it cannot be used again for a different purpose.

Principle 3. Personal data must be adequate, relevant and not excessive. Request and hold only sufficient data to achieve the stated purpose. Don't ask for personal data you don't need.

Principle 4. Personal data must be accurate and, where necessary, kept up to date. You should not knowingly hold or process inaccurate data.

Principle 5. Personal data must be kept no longer than necessary. Data should only be retained for as long as it is required. If you don't need it anymore, delete it.

Principle 6. Personal data is to be protected by appropriate technical and organisational measures against unauthorised or unlawful processing and against accidental loss or damage. You must take

reasonable steps to ensure the data collected is secure and not accessible by someone isn't authorised to use it.

Any members or officials processing data on behalf of the BFA are to act in accordance with DPA18 and the principles of data protection. In the context of the BFA, personal data may relate to membership details, personal details required for tournament entries, contact details (including those held by Club Captains for the club members). The DPA specifically relates only to people and does not relate to information about dogs. The DPA also applies to personal data processed on social media applications – see Appendix 5 Social Media Policy.

What to do if you think the BFA holds inaccurate or out of date personal data. You should contact the holder of that data in the first instance. State what you think they hold and why it is inaccurate or out of date and what your request is (correction or deletion). If you consider that your request has not been adequately dealt with, please contact the BFA Data Protection Advisor (details on the BFA website). Please note that photographic proof of identification (e.g copy of passport/photo driving licence) will be required.

How to access your personal data held by the BFA. All requests for copies of personal data held as a record by the BFA should be sent in writing to the BFA Data Protection Advisor. Requests should detail precisely what information you require and where you think it is held. You will be required to provide photographic proof of identification. There is an administration charge of £10 for each request.

Where to get further advice on the Data Protection matters. Search data protection on the government website www.gov.uk. Alternatively, contact the BFA Data Protection Advisor (details on the BFA website).

APPENDIX 8

BFA Guidelines for Starters Flyball events

Description of Starters

Starters events are essentially training sessions – the only difference is that the training session is in the context of a tournament. This can give novice dogs the opportunity to become accustomed to running in this environment, with the associated noise and excitement, which is so very different from the team training environment.

The elements of a starters event, which make it different from Sanctioned racing are:

1. A younger minimum age requirement - which allows dogs to be entered up to 6 months younger at 12 months.
2. The jump heights are set according to discretion, rather than according to the height of the smallest dog (often this is at the discretion of the Tournament Organizer, and commonly this would be at the minimum height).
3. Training aids are permitted – such as jump-boards at the box, jump wings, lane netting, trainers at the box, trainers or handlers running alongside the lane, the use of a training chute instead of a box and anything else. Tournament Organizers often provide netting along the full length of the racing lanes, and also centre netting for some or all of the run-back area – and possibly also between the racing lanes.
4. Teams competing often comprise dogs from different Primary Teams.
5. Certain rules of racing may be relaxed at the Tournament Organiser's discretion – for example that the dog must trigger the box when collecting the ball, and that the dogs must be re-run in the original order.

Overall, the objective of the event is to provide a tournament-like environment for training, and to allow as far as possible for it to be a positive experience for the dog – setting the dogs up for Success.

The dogs that are entered for Starters tend to fall into 5 categories:

1. Novice dogs that are not yet sufficiently familiar with tournaments to be exposed to Sanctioned racing
2. Young dogs that are progressing well in training, but are not yet old enough to run in Sanctioned racing
3. Dogs returning to Flyball after an extended break – perhaps after having recovered from surgery
4. Dogs that need additional attention – perhaps having lost confidence after a collision
5. Older dogs that have been retired from Sanctioned racing, but still need the mental stimulation that Flyball provides.

For categories 3, 4 and 5 above, handlers are requested to inform the Committee and the Tournament Organiser before entering dogs in Starters.

It is generally not considered good sportsmanship to run an experienced Flyball dog in a Starters team – especially where this will then lead to a significant advantage.

Starters events are generally hosted alongside Sanctioned tournaments; at separate Starters tournaments (for example at Ring-Party training events) and also arranged informally between neighbouring teams.

Where the Starters event is alongside a Sanctioned Tournament, any individual dog is not allowed to compete in both events on the same day. Furthermore Sanctioned racing must be given precedence over Starters racing.

Governance

The BFA has very few rules that govern Starters and other Fun events and has extremely limited jurisdiction at events that occur outside Sanctioned Tournaments.

The only rules (as mentioned above) govern the minimum age of dogs, the running of dogs on the same day as Sanctioned racing and that Sanctioned Racing must take precedence over Starters.

This puts the onus of governing the Starters event onto the Tournament Organiser, who in addition to the usual requirements of a Tournament Organiser must also determine other aspects of how the event is run including:

- Which dogs are eligible for entry
- How the height of the jumps will be set
- What training aids are permitted, including the netting of the ring
- How many heats will be run in each race
- Which of the normal rules of racing will be relaxed
- How disputes will be resolved

It is common practice, but in no way a requirement, that a Tournament Organiser will only accept dogs with fewer than 200 points unless there was a specific reason for the benefit of the dog in question.

Some Tournament Organisers also offer “Intermediate” Starters, where the jump heights are set to the teams’ discretion and the racing lanes are not fully netted. Where this is offered, the organiser may decide to allow entry to dogs with fewer than 1000 points.

APPENDIX 9

DISABILITY DISCRIMINATION POLICY

The purpose of this policy is to outline the principles of the Equality Act 2010 and to ensure all members of the BFA are aware of their obligations to not unlawfully discriminate against people with disabilities.

The Equalities Act 2010 protects disabled people and their carers from unlawful discrimination in all aspects of life including voluntary memberships of clubs and associations. The Act is therefore fully applicable to the BFA, its membership and our activities.

BFA flyball provides a unique level of access for people of all abilities to actively participate in competitive sport. We are proud to include in our membership people from all backgrounds and ability but we must also understand the positive action that may need to be taken to ensure everyone has an equal opportunity to enjoy the same level of access to flyball.

The Equalities Act 2010

The Act means it is against the law to discriminate against anyone because of a protected characteristic; age, gender reassignment, being married or in a civil partnership, being pregnant, disability, race, religion or belief, sex, or sexual orientation. BFA members are to abide by the Equalities Act 2010 in all respects, but this policy focuses specifically on the protected characteristic of 'disability' as it is often the most difficult to recognise and the most misunderstood.

The Act defines a disability as any 'physical or mental impairment that has a substantial and long-term negative affect on a person's ability to do normal daily activities.' This may often not be visible to other people and includes many mental health conditions such as dementia, depression, bipolar disorder, or obsessive-compulsive disorder. The Mind website at www.mind.org.uk is a useful resource for finding out more about mental health issues.

The Act places obligations on Officials, Members and Tournament Organisers to avoid as far as possible by reasonable means the disadvantage which a disabled flyballer might experience because of their disability (and this may involve a degree of anticipatory thought and planning). The duty requires Members to take positive steps, wherever reasonable, to ensure that disabled people can fully participate in the racing, camping, associated flyball events and any benefits of membership or attendance at a tournament, training event or seminar that is provided for everyone else.

BFA Disability Discrimination Policy Statement

The BFA Committee, the Officials and the Membership recognise their obligations under the Equality Act 2010 to not discriminate unlawfully against people with disabilities in the application of the BFA Constitution, Rules of Racing and all associated policies, and are committed to making reasonable adjustments which facilitate the inclusion of all members of the flyball community regardless of ability or health. This also covers the people who care for them (e.g. family members) who could be discriminated by association with the disabled person.

To assist Officials, Members and Tournament Organisers in understanding their responsibilities and obligations under the Equalities Act 2010 the BFA have appointed an Accessibility Officer who can be contacted for advice on any of the above issues. Kerena.marchant@btopenworld.com

Appendix 10

BFA Safeguarding Policy

British Flyball Association flyball provides a unique level of access for people of all abilities to actively participate in competitive sport. We are proud to include in our membership people and children from all backgrounds and ability but we must also understand the positive action that may need to be taken to ensure everyone has an equal opportunity to enjoy the same level of access to flyball and that they are safe when doing so.

The purpose of this policy statement is to protect children, young people and vulnerable adults who engage in flyball as part of racing or activities sanctioned by the BFA, including the dependants of BFA members and to provide BFA members and officials with the overarching principles that guide our approach to safeguarding. All BFA members have a duty of care to protect the welfare of children, young people and vulnerable adults. This policy has been drawn up on the basis of UK legislation; a summary of the key legislation and guidance is available from www.nspcc.org.uk/childprotection

The British Flyball Association believe that:

- Children, young people and vulnerable adults should never experience abuse of any kind.
- BFA members have a responsibility to promote the welfare of all children, young people and vulnerable adults, to keep them safe and to practise flyball in a way that protects them.

The British Flyball Association recognise that:

- The welfare of the child or vulnerable person is paramount.
- All people, regardless of age, disability, gender reassignment, race, religion or belief, sex, or sexual orientation have a right to equal protection from all types of harm or abuse.
- Some children and adults are additionally vulnerable because of the impact of previous experiences, their level of dependency, communication needs or other issues.
- Working in partnership with children, young people, their parents, carers and other agencies is essential in promoting the welfare of young people and vulnerable adults.

The British Flyball Association will seek to keep children and young people safe by:

- Valuing, listening to and respecting them.
- Nominating a lead committee member for safeguarding.
- Creating and maintaining an anti-bullying environment and ensuring that we have rules and policy to help us deal effectively with any bullying that does arise.
- Using our safeguarding procedures, detailed below, to share concerns and relevant information with agencies who need to know, and involving children, young people, parents, families and carers appropriately:
 - Sharing information about child protection and safeguarding best practice with BFA members and officials.
 - Ensuring all necessary checks are made on BFA officials where appropriate.
 - Providing effective management of BFA officials and enforcing a code of conduct (see BFA Constitution).
 - Using our procedures to manage any allegations against BFA members or officials appropriately (see BFA Rules of Racing Section F – Disciplinary Procedures)

-- Ensuring that we have effective complaints and whistleblowing measures in place (see BFA Rules of Racing Section F – Disciplinary Procedures).

-- Ensuring that we provide a safe physical environment for our children, young people, vulnerable adults and officials, by applying health and safety measures in accordance with the law and regulatory guidance.

-- Recording and storing information professionally and securely.

This policy statement should be read alongside The BFA Constitution and Rules of Racing.

Any general concerns or questions regarding the wellbeing of children, young adults or vulnerable adults should be reported to the BFA's Safeguarding lead or the BFA Secretary. Any serious concerns or concerns that a crime may have been committed should be immediately reported to the police.
