		Discussion around relocation BFA tuff spun in more central location, to help with access, BFA owned trailer has been mentioned						
		Discussion around BLOGEREED format to help fill indoor shows , points system to determine divisional winner from st and RR format at the same show, bringing smallest sizes divisions to allow tighter racing when entry is not big.						
		MM to creat group with indoor calendar so TO`s and teams can communicate easily and plan ahead without clashing and putting comps too close to each other so they fill. Pre entries , early schedule release are amonths some of the things to hep TO`s
