

Period Ended 31st December 2022

As I did not serve as the treasurer for the majority of the period, my ability to comment extensively on the figures, decisions, or financial forecasts during this period is limited.

However, the report indicates healthy reserves, a matter I prioritized upon assuming the role of treasurer of the British Flyball Association.

Consequently, I have no immediate concerns in the short term regarding our financial stability.

Moving forward in my tenure as treasurer, I intend to present a more comprehensive report at the AGM 2024. This report will include foresight and a thorough review of the VAT status of the BFA, ensuring transparency and informed decision-making for the association's financial future
